THIS IS FLORIDA. — A freakish cold wave which hit the Deep South yesterday resulted in smudge pots and heaters being lighted in the citrus groves. J. E. Jones is shown protecting his orange grove near Auburndale, Fla. Below-freezing temperatures coated trees and shrubbery with ice.

Boy, 9, Suffers Broken Leg When Hit By Car

A 9-year-old Salem boy was hurt when he ran between two parked cars into the path of a west-bound auto on the Rt. 62 Damascus Rd., two miles west of Salem, at 3:45 p.m. Thursday.

The victim, Albert Votaw, son of Mr. and Mrs. Vernon Votaw of Rd. 1, Salem received a fractured left

leg and bruises and abrasions of the left arm.

The boy was running from his home across the road when he was hit by the car driven by Frank Mitchell, 32, of Damascus, the state patrol reported.

The child was taken to City Hospital where his condition is listed as fair.

Highway patrolmen are still investigating.

Two Women Injured

Two Youngstown women were injured when their car collided with a truck on Rt. 18 in Austintown Thursday night at 9:50 p.m.

Elva J. Huffman, 33, driver of the car, received a fractured spine and pelvis and Mrs. Maria Lynn, 44, a passenger in the Huffman auto, received a fractured jaw and lacerations of the scalp.

The two are listed in fair condition at Youngstown South Side Hospital.

Hits Gas Station Pumps

A third mishap occurred on Rt. 18, two miles east of New Milford, at 9:55 Thursday morning when Lawrence W. Aikens, 31, of York Haven, Pa., lost control of his car and crashed into two gas pumps on a service station lot.

No one was injured but extensive damage was done to the car and the gas pumps were ruined.

Aikens was cited for reckless driving.

A fourth mishap happened at 5:10 p.m. on County Rd. 528, three miles southeast of Salem, when a car driven by Thomas Fideo, 60, of Rd. 4, Salem, backed out of his driveway and was struck by an auto driven by Edward Toot, 47, of Rd. 1, Salem.

No one was injured but extensive damage was done to both cars. Toot was cited for reckless operation by the Highway Patrol.

3 Boys Held For Car Theft Here

Three 16-year-old Salem boys stole a car parked on downtown State St. at 8 p.m. Thursday and drove 126 miles to Bucyrus before they were arrested.

Elwood Forney, 32, of Columbiana, told police that he parked his car in front of the Lease drug store and when he came out of the store the car was gone. He had left the motor running, he said.

Forney notified police and they contacted all area police with the identification of the car which led to the arrest of the boys about 1 a.m.

Police Chief George T. Earley went to Bucyrus today to bring the boys back to Salem for questioning.

The three will have a hearing before Juvenile Judge Louis Tobin early next week, police said.

Air Force Pilot Sets New Mark

Flies Fighter-Bomber At 1,207.6 m.p.h.

EDWARDS AIR FORCE BASE, Calif. (AP)—The world's fastest, straight-away flew over a measured straight-away grew up on his father's cotton farm in Carroll County, Ga.

Air Force Maj. Adrian E. Drew, 37, who flashed Thursday to a new record of 1,207.6 m.p.h. — 75.5

m.p.h. better than the old, British-held mark, took his first air-ride in Atlanta when he was 20. It was in a trimotored Ford and cost him and other passengers \$2 apiece.

"In the air," he recalls, "I noticed others were getting sick. But I wasn't."

Flying, he decided, would "be adventurous."

He joined the Army Air Corps in 1942. During World War II he was an instructor of fighter pilots at the Venice, Fla., army air field.

In 1951 he flew 104 combat missions over Korea in an F80, earning the Distinguished Flying Cross.

In 1952 he led a flight on the first jet crossing of the Pacific from the United States to Japan.

In setting the record, Drew flew a McDonnell F101A Voodoo fighter-bomber at 9,000 feet over a 10.1-mile range near this desert base. The temperature was minus 59 degrees centigrade, ideal for top speeds.

The British mark was set in 1956 by a Fairey delta plane piloted by L. P. Twiss.

Accidental Verdict Made In Boy's Death

The death of a four-year-old Wadsworth boy who ran in front of a car on Fair Ave. Thanksgiving Day was ruled as accidental by Columbiana County Coroner E. R. Sturgis Thursday.

The child, Tommy Gee, son of Mr. and Mrs. Herbert Gee, attempted to run across the street to play with some children and darted into the path of a car driven by Glen Hoobler, 35, of 1683 Ridgewood Drive.

The boy was visiting his grandparents, Mr. and Mrs. Harry Hixenbaugh of 327 Fair Ave.

The victim suffered a fractured skull.

The coroner's inquest concerning the boy's death was held Tuesday night in City Hall. Six witnesses, including Hoobler and Patrolmen James Frey and Ray Hildebrand, testified.

350 Are Killed, Many Hurt As Quake Hits Iran

Snow Creates Misery For Thousands Of People Left Homeless

TEHRAN, Iran (AP)—A heavy earthquake shook west Iran today and unofficial accounts reaching Tehran said at least 350 persons perished and thousands were injured.

The earthquake was reported as strong as the shock which struck Damavand and the Caspian Sea area last July, in which about 2,000 persons perished.

First official reports reaching the capital said the quake struck at 5:15 a.m. causing casualties and damage. The center of the two-minute tremor was given as Sahneh, between Hamadan and Kermanshah.

No official figures on the number of casualties or amount of damage were available. The government said a check has been begun.

The government started moving food and medicine for several thousand homeless victims into the freezing area of west Iran.

Tehran radio said the towns of Sahneh and Farsinak were badly damaged and that most villages in that area were "completely ruined." Heavy snowfalls created harsh conditions for several thousand made homeless by the tremor.

A government spokesman said it might be many days before the full extent of damage and casualties are known.

The city of Hamadan was reported to have escaped with little damage and no casualties in today's quake.

Temperatures ranged down to 26 degrees in the stricken area.

A quake also rocked the area around Athens, Greece, today, causing some damage, but without any reports of casualties.

Seismographs in Turkey, the nation which separates Iran from Greece, recorded quakes but there were no reports of any earth shocks in Turkey.

Soviet Paper Says Forces 'On Alert'

MOSCOW (AP)—A Soviet military newspaper announced today—at the height of a new propaganda barrage to Western Europe—that the armed forces of the Soviet Union have been placed on a "constant alert."

While Moscow radio kept up "round-the-clock" pounding at the North Atlantic Treaty alliance meeting in Paris as a threat to world peace the armed forces were being taken by all members of the Communist camp.

Hour after hour, Moscow radio drummed out the terms of the anti-NATO notes the Kremlin sent all United Nations members Thursday, while denouncing the Atlantic alliance as incompatible with U. N. principles.

The propaganda drive was at a point of intensity rivaled in recent times only by the nervous days of the crisis over the Middle East fighting a year ago.

Foreign observers here said the drive is aimed at stimulating a will for neutralism in the Western camp.

The newspaper Soviet Aviation said the Red military is on the alert throughout Eastern Europe because of "a growing threat that American aggressive circles will unleash a new war."

This Ministry of Defense publication added that Soviet missiles and "other weapons of modern warfare" are ready for instant retaliation in case of attack. It warned further that with these weapons, NATO bases surrounding the Soviet Union can "be destroyed instantaneously and completely."

Dulles In Paris; Aids In Planning NATO Confab

THE NATO ALLIES — Map shows the 15 member nations of the North Atlantic Treaty Organization whose "summit" leaders are meeting in Paris. NATO was formed when the United States, Canada and 10 Western European nations, on March 18, 1949, adapted a defense pact agreeing that "an armed attack against one or more of them in Europe and North America shall be considered an attack against all." Purpose of the current meeting of NATO leaders is to elevate the organization's prestige, declining in the face of Soviet propaganda victories, restore harmony among some of its dissident members and provide NATO with the strong leadership needed.

Dio Found Guilty Of Extortion

Underworld Kingpin Faces Long Sentence

NEW YORK (AP)—A General Sessions Court jury found racketeer John (Johnny Dio) Dioguardi guilty of extortion and conspiracy early today after deliberating 2 hours and 45 minutes.

Judge John A. Mullen set Jan. 8 for sentencing. The suave, 43-year-old Dio, considered a kingpin in the New York underworld, faces a maximum sentence of 31 years.

Johnny McNamara, president of Teamsters Local 295, also was found guilty of the same charge. He and Dio were accused of conspiring to commit extortion by shaking down two stationary firms for \$4,700 in 1956.

Dio had escaped conviction last spring in the acid-blinding of labor columnist Victor Riesel. But he was sentenced to two years imprisonment in September for extorting money from an employer in return for labor peace.

The government had charged in the Dio-McNamara trial, which started Oct. 9, that the Tower-Crossman Corp. and the Atlas Stationery Corp. were forced to pay the defendants to avert unlawful picket lines and other obstructions to their business.

Salem Senior Qualifies In Scholarship Program

Miss Diana R. Crowgey, a Salem High School senior, is the only student in Columbiana County to place as a semi-finalist in the 1958 Merit Scholarship program competition.

Miss Crowgey, the daughter of Dr. and Mrs. F. R. Crowgey of W. 14th St., has been named one of 7,500 semi-finalists in the competition who face a rigorous, three-hour college board examination to be given Jan. 11.

The only other district students qualifying this year are three from Canfield High School, William L. Barrow, George F. Jones and Margaret A. Williams.

A high-ranking student in the senior class, Miss Crowgey has been a consistent honor roll student as well as being active in extra-curricular activities at Salem High. She is news editor of the school paper.

The semi-finalists outscored some 300,000 fellow seniors in the United States on the scholarship

AFL-CIO Pledges To Redouble Its Efforts To Eliminate Corruption

3 Sentenced In Canton Kidnap-Death

CANTON, Ohio (AP)—Prison sentences totaling 7 to 75 years have been given three men who pleaded guilty to kidnaping in the slaying of Walter C. Myer, 64, of Canton Aug. 8.

The three — Thomas Whatley, 22, and Alfred Hunters, 25, both of Canton, and Sylvester Semedo, 24, of Buffalo, N.Y. — were charged originally with abduction resulting in death, but were allowed to enter pleas of guilty to the lesser charge of kidnaping.

Common Pleas Judge George N. Graham sentenced each defendant to 5 to 30 years on the kidnaping charge. Each also was sentenced to 1 to 25 years for operating a motor vehicle without the owner's consent. The terms are to be served consecutively.

It felt, however, that too much emphasis had been placed on labor corruption by the Senate committee and called for equal efforts to smoke out any management malpractice.

AFL-CIO President George Meany, re-elected to his second two-year term as head of the federation, summed up labor's position on union corruption in this way:

"The important thing . . . is that we have demonstrated that we are reluctant to throw people out of the house of labor; that we only do it when there is no other way, and that we do it in the full knowledge that it presents dangers to us, but with the complete conviction that in the long run labor will be better off for it."

Aims Guns at Liberal Wage Increases During 1958

ATLANTIC CITY, N.J. (AP)—A smaller but determined AFL-CIO, its guns aimed at liberal wage increases during 1958, turned to redoubling its efforts today to rid itself of crime, racketeering and corruption.

It had shown during its week-long convention a firmness to deal decisively with corruption even if it meant expulsion of its largest affiliate — the 1,400,000-member Teamsters Union.

Ouster from the federation of the Teamsters and two other smaller unions charged with corruption apparently had restored some of the prestige organized labor lost by disclosures of the Senate Rackets Committee.

In a final act of its second constitutional convention which ended Thursday, the federation pledged to redouble its efforts to eliminate "all forces of crime, racketeering and corruption within the trade union movement."

It felt, however, that too much emphasis had been placed on labor corruption by the Senate committee and called for equal efforts to smoke out any management malpractice.

AFL-CIO President George Meany, re-elected to his second two-year term as head of the federation, summed up labor's position on union corruption in this way:

School Choral Groups to Give Yule Concert

Three Salem High School choral groups, consisting of 220 students, will present the 12th annual Christmas vespers service Sunday afternoon at 3:30 in the school auditorium.

The Robed Choir, Girls Glee Club and the Beginning Chorus will present a program of Christmas and seasonal music for the audience.

F. Edwin Miller, music supervisor of the high school's choral groups, will lead the choral groups in the opening candlelight procession.

Cully Livingston, Patricia Wykoff, Pinkney Hall, Elizabeth Works and Dave Spier will be the soloists in the four-part songfest.

A Carol Sing, with the audience joining the groups, will be a feature of the program.

Accompanists for the program include Karen Greenstein, Karen Trombitas, Louise Oswald, Dixie Wilde and Judy Miller.

East Palestine Man Placed on Probation

LISBON — Robert Paul Taucher, 19, of East Palestine was placed on 5 years probation at a hearing Thursday before Common Pleas Judge Joel H. Sharp.

Taucher was apprehended April 22 after he had burglarized Panache's store and filling station south of Negley on Route 170.

Indicted by the September grand jury, he pleaded guilty at arraignment on Sept. 23 and asked for probation.

The court stipulated that he must sell his automobile and must surrender his driver's license for two years.

Taucher has been on bond since he was arrested April 22 for the burglary.

French Take Security Steps To Guard Ike

Dulles To Attempt To Soothe Ruffled Feelings Of Allies

PARIS — U.S. Secretary of State Dulles arrived in Paris today to join other foreign ministers of the Western alliance in final preparations for the NATO summit conference.

A major task awaited the American secretary — the soothing of French feelings hurt by what Paris regards as a British-American effort to dictate the use of nuclear weapons by the alliance.

French Foreign Minister Christian Pineau was not at the airport to meet Dulles, presumably because if he met all 14 visiting NATO foreign ministers, he'd have time for nothing else. Jacques Vimeot, head of the American section of the French Foreign Ministry, greeted Dulles for his government.

The secretary declined to make any statement before he was driven to the American Embassy. He said he would leave the talking to the President tomorrow — he's the head of the delegation.

With West European and Soviet Communist organs whipping up a bitter campaign against the NATO meeting, the French government ordered extraordinary security measures for Eisenhower's visit.

Police banned all public political gatherings, parades, and petitions, and ordered heavy street guards. The measures even exceeded those during the state visit of Yugoslav President Tito, when troops with machineguns were stationed on every downtown rooftop.

The French are angry because the United States and Britain have agreed on plans for the stationing and use of nuclear weapons in Europe without consulting France.

French resentment finds fertile ground in the fears of smaller West European nations that acceptance of American missiles may cancel any chance—however slender—of a settlement with Russia.

French Resent Implications
The French, and to some extent other Continental members of NATO, also resent implications that they are being dictated to by the United States and Britain, the only members of the alliance now producing nuclear weapons.

Some diplomats feared that unless the French were pacified quickly, their anger would thwart the reweaving of the United Nations from which is the aim of the summit meeting of government chiefs.

If private conversations of the foreign ministers fail to clear up the trouble, President Eisenhower may be called upon to use his unrivaled influence with European statesmen for a solution.

Eisenhower is scheduled to arrive Saturday.

Some informants said the French and Germans have been quietly swapping ideas for a common Continental answer to some American proposals prepared for the meeting with British help.

Congress Hopes Nothing Will Turn

If one thing about the uncertainty of what would happen if a president of the United States were unable to perform the duties of his office can be called certain, it is the reluctance of Congress to resolve the uncertainty.

Congressmen have discussed the matter for more than a generation. It is a safe bet they will discuss it for another generation.

Like the farmer who did not need to fix the barn roof when it was not raining and could not fix it when it was raining, this hole in constitutional procedure seems likely to remain for a long time.

Nevertheless, President Eisenhower's third potentially disabling illness in a little more than two years has revived interest in the problem.

AUTHORITIES in the field agree that a president may assign his executive power for a fixed period to end when he announces there is no need to continue it. This assumes that a president in so doing would be in possession of his mental faculties.

The problem grows complicated in the case of a president who was not in possession of his faculties. Who then would have the authority to bestow on the vice president the power to carry on the duties of the presidency?

Congress now has before it for consideration these proposals for taking the uncertainty out of such a situation, if it were to arise:

1. A law which would make absolutely clear the constitutionality of a voluntary shift of presidential duties to the vice president, with a statutory guarantee that the president would resume his authority when he signified he was able to do so.

2. A constitutional amendment making it clear that a president could turn over his authority to the vice president and get it back when he asked for it.

3. A constitutional amendment allowing a president to declare in writing that he was unable to discharge the duties of his office and to name an acting president, according to the line of succession. Under this

amendment, if a disabled president did not declare his own inability, a commission of 10 members headed by the vice president could displace him. Other members would include the chief justice of the United States, the speaker of the House of Representatives, the majority leader of the Senate, the secretary of the treasury and the attorney general.

4. A constitutional amendment to leave out the vice president and Supreme Court and create a council of Cabinet and department heads, with a scattering of elected officials. Any two members of such a council could petition the secretary of state for a determination of presidential ability to serve, whereupon the council would convene and the surgeon general would designate a panel of five medical doctors, to be elected from various geographic localities, to decide by majority vote whether the president was able to serve. If not, the council would decide whether to transfer the presidential powers to the vice president, without transferring the presidency itself.

THE FOURTH PROPOSAL reveals what is involved in the problem. The struggle for power, which is concentrated in the election of a president and vice president every four years, is so intense that politicians are reluctant to have anything about it settled in advance.

They have been studying the problem since the Garfield administration. They ran into it in an acute form during the Wilson administration. They have had three scares during the Eisenhower administration. But they keep hoping that nothing will turn up to force them to make a decision.

Article II of the Constitution says the powers and duties of the office of the president shall devolve on the vice president in the event of the president's "inability" to discharge them. Under this provision, the vice president would continue to serve until the "disability" had been removed.

The catch is "disability," a word that never has been defined in its connection with presidential ability to serve. Politicians as a whole want it to be kept vague.

Ohio's Arms Open to Industry

By RAYMOND MOLEY

In a notable speech before the Milwaukee Chamber of Commerce recently, Lemuel R. Boulware, vice president of General Electric, had some pointed things to say about Mayor Zeidler of that city.

The dramatic force of the businessman's comment was assured by the fact that the mayor was present at the meeting, sitting at the speaker's table.

Boulware quoted the following from a speech made by the mayor to the students at the University of Wisconsin:

"Free enterprise is not really free, but is a system of sheltered private interest protected by government agencies. . . . The system is based on motives of personal aggrandizement, licentiousness, and the desire to accumulate numbers in a bank book."

"It is a system more interested in accounting or apparent prosperity than actual social well being."

"THIS LACK of consideration for social well being and the preserva-

tion of social wealth in deference to a desire for 'accounting wealth' and 'bookkeeping returns' is a fatal weakness of the system of sheltered private enterprise."

To solve these alleged problems, the mayor proposed a gradual introduction of public enterprise.

This sort of talk by a man chosen as chief executive of a city which is seeking legitimate means of growth through new business enterprises cannot help but belittle the local business climate and drive enterprise to other, more hospitable communities.

"A good business climate," said Boulware, referring to the Milwaukee Chamber of Commerce's "American Opportunity Program," "cannot be achieved during any brief national or local campaign, because the period of any such individual campaign is usually far too short to accomplish a sound public understanding of—and to correct misinformation about—the intentions, manners, programs, and

results of business in the interests of the many."

"AS A RESULT we have seen the platforms of both parties more and more claiming what their candidates personally believe in, and we have seen them both substantially doing in office what research has indicated is in accordance with the sum of information and misinformation in the minds of the public at the moment. . . . For a better business climate is going to be achieved only by the investment of thought and effort—day in and day out, all year between elections—to deserve, get and keep the belief by the public that business intends to operate, and is effectively operating in the balanced best interests of all concerned—i.e. the many."

The misunderstanding of the functions of business and the strife and hatred thus created is an injury to all—to management, to the many, many people in the community not involved in management-union relations, and, perhaps most of all, to the workers themselves.

This factor over the country, Boulware estimates, costs the nation as much as 20 per cent of the possible gross national product. This is an amount equal to the entire cost of the federal government and all our worldwide activities, military and otherwise, in the cause of peace and stability.

THE INJURY to the state of Michigan is already apparent. The demagoguery of Gov. Williams and the Reuther political machine is sapping the economic vitality of that great industrial state.

An example of a state where such impairment of the business climate does not exist is Ohio. Under former Gov. Lausche and the various mayors of the largest city, Cleveland, government has been dominated by no special interest—either management or unions.

The result is a drift of industry to Ohio, which is now the nation's second most important industrial state.

Everybody gains by good government. Nobody can fail to suffer from the hatreds created by demagogues.

Heroic Eisenhower

By DAVID LAWRENCE

Ike's Journey to Paris Example of Self-Sacrifice

There is something so immeasurably heroic about President Eisenhower's decision to go to Paris for the NATO meeting that it stands out as an inspiring example of self-interest in marked contrast to the passion of self-interest which dominates the mood of the national capital now.

From the moment it became known that Mr. Eisenhower was sick, there were ill-considered demands for his resignation not only here but abroad. Some critics went so far as to suggest that, even if he recovered, he should retire. Little thought was given to the picture that could present itself later of a man who, having been given signal honors by his country, suddenly abandoned his office and, after a brief period of rest, emerged as an ex-president in full possession of his faculties but yet as a deserter from his job—and thus notwithstanding the fact that he had publicly accepted a four-year contract of service.

ONLY THOSE who don't know the kind of man Dwight Eisenhower really is could have suggested that he resign merely because he has had three illnesses and might possibly have another. It isn't in Mr. Eisenhower's nature to consider what might happen to him in the future—he is concerned only with the facts of the present.

He gave his word to the American people that, if he really became incapacitated, he would step aside. But by this he envisaged a physical disability of such proportions as to render him actually incapable of performing the duties of his office.

Much of the discussion about the handling of public business at the White House since President Eisenhower suffered a mild ailment last month has been motivated by political factionalism and personal animosities.

Thus, some of those individuals on Capitol Hill who don't like Sherman Adams, chief presidential assistant, haven't hesitated to say so and to demand that the vice president preside at legislative conferences.

There was coincidentally a lot of favorable mention of Vice President Nixon by sources usually unfriendly to him. This, too, was transparent. The partisans know that the President's personality is still a strong asset of the Republican party and that, once Ike were to remove himself from the scene, the assault troops in the Democratic party could launch their publicity barrages against Mr. Nixon.

IT ISN'T LOVE of Mr. Nixon but desire to see the Republican position dismantled which causes much of the nice talk about how desirable it would be to have the vice president step in and take charge. Mr. Nixon is under no illusions and has handled himself well in a delicate situation not of his making.

The theory that there could be a "temporary president" or an "acting president" has been argued, but this cannot be done lawfully except by constitutional amendment.

All the other schemes for delegation of powers to the vice president during an indefinite period of convalescence of the president run up against the danger that they would merely accumulate lawsuits and cast doubt on the legality of many an important action taken.

The Constitution can be amended quickly if there is unanimity of thought on what is proposed. On a question of this kind, if two thirds of Congress approved the proposal, it would go through the state legislatures within a few months, as has happened before with amendments that had popular support.

Amid these curious conflicts and currents in Washington, there stands the majestic figure of the President. He has struggled for five years now with the problems of state at a time in world history that is nerve-wracking and exhausting to leaders everywhere. But he stands patiently and calmly today, with the hopes of the world focused on him.

HE IS DEDICATED to peace and reconciliation. He symbolizes, in world affairs, restraint as contrasted with impulsiveness. He is singularly detached from the hysterical mood whipped up by "Sputniks" and by those who seek to play politics with human misery.

Long before the historians have taken up their task of appraising contemporary American presidents, there will be recognition of the unselfishness of Dwight Eisenhower and his devotion to duty.

Here is a modest man, with human fallibility, to be sure—a man who has made mistakes of judgment, as have other presidents—but a man who has never lost the instincts of fidelity and service that were bred in him through the years he wore the uniform of his country.

He goes to Paris because he has the courage to give his life, if necessary, to the cause of his countrymen.

He goes because he has the confidence of the American people and is conscious of the potentiality of American leadership. He goes because he has faith that a divine providence will give him the strength to help bring some light soon to a gloomy and discouraged world.

The Farm Situation

By SAM DAWSON

NEW YORK—The number of farms in the nation has been declining steadily. And today there are those who think Uncle Sam should speed the process by paying

ing farmers to find jobs in town. This is one of many schemes put forward to help Agriculture Secretary Benson grapple with the problem of huge farm production surpluses in a price-supported farm economy—and to ease the burden on the taxpayer.

Looking Backward

FROM THE NEWS FILES

5 YEARS AGO—Greenford Pythian Sisters elected officers Tuesday, with Mrs. Theodore Baker succeeding Mrs. Lowell Cook as most excellent chief. Other officers named are Mrs. Robert May, Mrs. William Feicht, Mrs. Clyde Feicht, Miss Eileen Coy, Mrs. Donald Smith, Mrs. Floyd Hendricks and Mrs. Jack Bahr.

Mr. and Mrs. Hartford D. Arkwright of RD 5, Salem have returned from a trip through the southern states.

10 YEARS AGO—Five Salem residents took the United States citizenship oath today from Judge Joel H. Sharp. They were: Sabatino DiSanza, Sofia Schell, Dave Deutsch, Susana Costa and Mary Schuster.

Fred Bichsel and Leo Hickey left Wednesday for Cameron County, Pa., on a hunting trip.

25 YEARS AGO—The following people will serve on committees to plan a series of programs for the social organizations of Masonic groups: George Lozier, general chairman; Mrs. Wilbur Halfley, secretary; Harold Babb, E. A. Englehart, E. H. Taylor, Charles Fineran, T. V. Yates, Glen Harding, R. L. Wright, A. E. Wright, P. B. Moreland, Mrs. W. G. Aldom, Mrs. Charles Thompson, Lester Koenreich, Mrs. Glen Harding, William Aldom, Frank Eckstein, Clyde Reich, James Britt, Earl Day and George Harroff.

40 YEARS AGO—Misses Freda and Louise Saunders, Miss Thelma Long and Mrs. Thomas Esseenwein attended a musical Thursday evening given at the Lutheran Church in Columbiana.

Attorney Mark McCave and Charles McConner, who entered the second officers reserve training school at Ft. Benjamin Harrison, were recently commissioned second lieutenants.

Agriculture Department figures show the decline in farms has been running at around 150,000 a year. Many are absorbed into other farms, with the average size rising steadily and the farm population dropping.

The National Industrial Conference Board, in a study issued today, says the trend toward larger farms reflects more intensive mechanization, which means greater output from fewer workers.

The Committee for Economic Development, in a study also issued today, says that the trend to larger farms doesn't mean the family farm is on the way out, but rather that the one-family farm is being adjusted to modern technology and mechanization.

Among ways to better the present farm policy, the CED advocates gradual reduction of price supports to zero and a new land retirement plan to help farmers move to other work.

This acreage cutting plan differs from Benson's soil-bank plan by concentrating on getting whole farms out of production instead of just idling part of a farm.

The CED says the number of farms to be retired would be tied to the amount of existing farm surpluses at the time the plan takes effect. It would be aimed at farms returning the poorest incomes.

Winterizing Drivers

The unusually high number of traffic accidents in this area's first snow last week followed the customary pattern.

Various factors produce this condition, but probably the major one is the human failure to adjust rapidly enough to radically-changed driving conditions.

In this part of the country, driving on some snow or ice certainly is to be expected at times in the winter months, and most mature drivers are well briefed on proper measures to take in such weather.

Nevertheless, the experience of the first snowstorm seems to be necessary before most of us are ready mentally for winter driving.

Sudden stops, quick turns and other maneuvers that can be accomplished in safety on dry pavement suddenly become menaces to life itself on snow or ice.

The extremely cautious all-weather driver has relatively little to fear from winter conditions, but the gay blade of the highways in summer must effect a tremendous change in his whole mode of automobile operation if he is to survive in winter.

The transition is not easy for anyone, but some benefit would be derived if every motorist went into a safety "huddle" with himself before his first attempt at winter driving each year.

Once Over

By H. I. Phillips

The director of Community Service Activities for combined big labor unions has urged bartenders to be a force in social work by giving advice to customers instead of just joining in yak-yak.

Smart bartenders know better. The customers switch topics too fast. An earache about the local baseball club leads to a sudden reference to the wife's cooking and, before the barboy can get into the conversation, the customer demands, "So why should we interfere in Algeria?"

We ran into a situation yesterday where a bartender was trying to take the labor official's suggestion about being a good adviser. It ran like this:

Customer—I need advice, Joe. I'm behind in my car payments and the wife ain't speaking to me. Do you think this inflation is serious?

Barboy—Would you mind repeating that? Customer—So, you're that kind of a guy? I come in here for a little help and you start trouble.

Barboy—Look, pal; let's both drop this. Customer—Oh yeah! You and who else? Listen, am I right or wrong?

Bartender—I don't get your problem. Did you say something about having domestic trouble?

Customer—Who?

Bartender—Be nice and forget the whole thing.

Customer—So you're sore at me. I come in here nice and quiet, keeping my mouth shut, and you start throwing your weight around!

Bartender (in disgust)—And so we leave peaceful Tahiti and set sail in the gathering twilight for Bali Hi.

Customer—Okay, Bali Hi on the nose, fifty-fifty and no back talk.

It probably would have been impossible for Internal Revenue Service to get comprehensive expense-account information on 1957 income tax returns. There was merit in the argument that IRS had waited too long to start its crackdown.

But there is comfort for rank-and-file tax payers in the knowledge that employers and employees who have been abusing the privilege of deducting business expenses from taxable income will be watched more closely. There is greater comfort in the broad hint that itemized statements will be asked for in plenty of time to cover the 1958 tax year.

Millions of taxpayers who have no expense accounts have been angry for a long time about the inequity of a practice that lets some of their fellow citizens steal a lap each year in the race to keep up with the Joneses.

They are familiar with the fact that New York City virtually supports its entertainment industry on tax-deductible spending by visitors. They are angry over evidence that expense accounts have been used to give unusual privileges to favored employees at the expense of cheating the U.S. government, which simply means cheating U.S. taxpayers. Revenue collectors will not do their extra watching alone from now on. We're all watching.

Five Persons Burn To Death in Kentucky

BARDSTOWN, Ky. — Five persons burned to death today when a pre-dawn fire destroyed the Nelson County Infirmary five

miles outside this whisky distilling center.

Three other occupants of the building were carried to safety by the superintendent, Parkland Hibbs.

Firemen, fighting the blaze in 10-degree temperature were hindered by lack of water and they said they were unable to get the water moving through hoses stiffened by the cold.

The superintendent's wife explained the fire apparently started from a defective furnace, adding that workmen had been called out

twice this week to repair it. She said the blaze also destroyed a meat house and a wash house adjoining the main 2-story building where the eight patients lived. They were the only occupants of the infirmary, used mainly to house elderly people.

'CHRISTMAS LEGENDS' was the story related by Mrs. Cecil Baxter, program chairman, when the Jane Crooks group of First Methodist Church gathered in the church music room Wednesday for a Christmas party and gift exchange.

Mrs. Maxter also recited a poem, "What Is Christmas," during the program hour. "You Are My Witnesses" was the subject of devotionals given by Mrs. Fred Smith.

Pine was placed 'midst red candles in crystal holders on the table which was highlighted with a large birthday cake used as a centerpiece. Fifteen members enjoyed the birthday dinner which highlighted the party.

Hostesses were Mrs. J. J. Cope and Mrs. Smith.

Mrs. Ros Helman presided during the brief business session.

A dessert luncheon at 1:30 p.m. will be a feature of the Jan. 11 session at the church when Mrs. Ernest Stokesberry will give devotionals and Mrs. Smith will present the program.

ALENA CALKINS Missionary Society of Millville Friends Church enjoyed a Christmas party and gift exchange Monday evening at Heck's Restaurant.

Twenty eight persons attended the affair, highlighted with the revealing of secret pals. A favorite hymn was the roll call subject.

The true meaning of Christmas was emphasized by Mrs. Everett Cattell, returned Indian missionary, who was the guest speaker and contrasted the observance of Christmas in the United States with that in India. "Having Life More Abundantly" was the theme of Mrs. Cattell's talk.

Pine boughs and yule logs decorated the table centerpiece which was arranged by Mrs. Jerry Lippitt and Mrs. Roy Lippitt.

Mrs. Richard Helmick will be hostess to the club Jan. 1 in her Madison Ave. home.

PIANO STUDENTS of Mrs. Gilbert Timm were presented in a recital Sunday at the Methodist Church. A large number of parents, relatives and friends attended.

Participating in the program were Elaine Melitschka, Rosemary Kerr, Robert Corso, Melissa Meissner, Judy Zimmerman, Laureen Kay Falk, Jayne Wikman, Dick McCoy, Jimmy Drotleff, Michael Fritzman, Donna Schnorrenberg, Kathy Oyer, Kathy Moffett, Lee Ann Mallooy, Darlene Wikman, Kenny Woerther.

Progressive Mothers Club Enjoys Annual Yule Party

Progressive Mothers Club held its annual Christmas party Tuesday night at the home of Mrs. Lester Bateman of Highland Ave. when plans were made to deliver Christmas treats to needy families.

The home was beautifully decorated with Christmas appointments. The hostess' daughter, Susan, played two piano selections, "Twas the Night Before Christmas" and the "Opening Theme of the Greig Concerto."

Mrs. James Giffin, program chairman, presented the program, "Christmas Thoughts." She gave a beautiful reading in which faith was the theme. Mrs. Giffin used a tall white lighted candle and a gift package on a table to illustrate her impressions.

Refreshments were served from a buffet table, which was decorated in a green and white color scheme. Huge white candles lighted the setting.

Members were seated at small tables covered with green cloths centered with miniature white candles. Favors were tiny white angels.

The lunch was prepared in the traditional Christmas colors by co-hostesses, Mrs. Bateman, Mrs. Richard Albright and Mrs. Giffin. The next meeting will be Jan. 14 at the home of Mrs. Ray Dean of Albany Road.

Salem Council Jewish Women To Observe Feast of Lights

Salem Section, National Council of Jewish Women, met at the Ruth Smucker House Tuesday night. Mrs. Alfons Falkenstein presided and a contribution was voted to Columbia County Retarded Children's program.

Chanukah, the feast of lights, will be observed this year starting Dec. 17. It was decided to present candles and gifts to children of the council members.

The Senior Citizens Club Christmas party will be held at the Memorial Building Dec. 18, and Mrs. Irwin Mirkin and Mrs. Jack Sabin will be hostesses from the council.

A delegate will be sent to the mid-eastern regional conference in Indianapolis in March.

It was announced that the 10th anniversary of Israel's founding will be celebrated in 1958, and council visitors will be able to participate in special Jubilee Year events by way of a council-sponsored tour of Israel. It will start in July, 1958 and will include meetings with affiliates of the International Council of Jewish Women.

The president gave a report on the meeting of the United Nations Institute which she attended in New York City Dec. 2 and 3. This meeting was arranged by the National Office of the NCJW and was attended by 200 council women from 16 states outside of the New York metropolitan area.

Planned by the Organization Observer to the United Nations, the study sessions covered such vital aspects of the United Nations operations and policies as technical assistants, the UN emergency forces in the Middle East, UNICEF, the newly organized International Atomic Agency, non-governmental observers and disarmament.

Speakers heard were officials of the UN Secretariat, members of the delegations from the United States, Israel and the new state of Ghana.

Mrs. Falkenstein's talk was illustrated with colored slides showing the UN buildings and meeting rooms for the various councils.

Hostesses for the evening were Mrs. Alroy Bloomberg and Mrs. Lozier Caplan. The next meeting will be Jan. 14 in the Smucker House.

MARTHA GRAF group of the Methodist Woman's Society of Christian Service met Wednesday at the home of Mrs. William Wright, of Woodland Ave. for a coverdish birthday dinner.

Hostesses at the party were Mrs. Wright, Mrs. L. G. Maffett and Mrs. James Primm. Twenty members answered roll call. Mrs. Walter Hanzlick was a visitor.

Mrs. William Lippert conducted the devotionals using the Christmas theme. Mrs. L. G. Getz was in charge of the program. Mrs. Hanzlick sang two solos, and Mrs. Getz, Mrs. James Goodwin, Mrs. Emma Schuck and Mrs. Ernest Heston gave readings.

Instead of having a Christmas gift exchange, the members will provide a basket of food for a needy family.

The next meeting will be Jan. 8 at the church.

UCT Council Will Handle Cancer Drive

The cancer fund drive for Salem to be held in April will be handled by the Salem Council, United Commercial Travelers of America, it was decided at Wednesday night's UCT meeting in the Elks Grille Room.

William J. Mackey is cancer committee chairman and will announce committees for the drive in the near future.

Ray J. Greenisen presided during the business session when the group approved donations to Boys Village and the Columbia Council for Retarded Children.

H. Rex Hundertmarck and Aubrey Cain, youth committee co-chairmen, announced complete plans for the annual School Patrol party to be held Saturday.

A ladies night dinner party will be an event of January, the exact date to be announced, according to Louis C. Moushey, social committee chairman.

Program Chairman Charles R. Vincent is planning a dinner meeting with a guest speaker at the Jan. 8 Council session.

Era of Child Brides to End In Mississippi Next July 1

JACKSON, Miss. (AP)—The era of the child bride will end in Mississippi next July 1.

For decades, the nation has been shocked by the marriages in

Mississippi of girls as young as 10 or 11, often to men old enough to be their grandfathers.

Like others escaping the strict laws of states as far away as Illinois or New York, they were married in the neon-lighted "marriage mills" just inside the Mississippi state line.

The Legislature Wednesday replaced Mississippi's lax marriage law with one about as strict as any. It requires a blood test to prove the couple does not have syphilis, a three-day waiting period, and sets minimum ages of 15 for women and 17 for men.

Publicity about child brides this year probably helped pass the bill. Present laws set no minimum age for marrying.

Mary Lou Lawson, 14-year-old Zelma, Mo., schoolgirl, was married at Hernando last Oct. to a 76-year-old great-grandfather, John G. Tatro of Sturdivant, Mo. "I'd rather be an old man's darling than a young man's slave," said Mary Lou.

The "marrying business" is a big thing in border counties, especially those on federal highways. Last year, Mississippi's 66,223 marriage licenses were topped only by Nevada. Of those 66,223, more than 64 per cent went to out-of-state residents and 46 per cent went to teen-agers.

Almost every important state organization, from the PTA, Farm Bureau and medical association to the League of Women Voters, supported the bill.

In and About Our Schools

Janet Kuhl, sixth grade pupil, was the announcer for the Christmas program presented at Fourth St. School Tuesday afternoon for parents and friends.

Janet introduced the grades which participated.

Mrs. Marian Bailey's fourth grade pupils sang two Christmas carols, "It Came Upon the Midnight Clear," and "O, Come All Ye Faithful."

"The Legend of the Shepherd Boy, Greensleeves" was portrayed in song and pageant by Mrs. Clair Earley's fifth grade students. Billy Tolson, Linda Burns, and Gregg Stutz narrated the legend. In the pageant scene were Shirley Thompson, Rick Dilworth, and Donna Jamefield. Shepherds were Jay Detell, Ben Milhoan, Monty Nightingale, Ricky Gregg and Joe Bricker.

Bobby Moore was Greensleeves. The flute solo was played by eighth grader Karen Moff. These children also sang "He Shall Feed His Flock" from "The Messiah," and "What Child Is This?"

Miss Margaret Floyd's third graders sang "Trimming the Tree with Silver Bells," and the popular song, "Silver Bells."

Miss Inez Hisler's first grade pupils enacted "It's Christmas Time," then sang "Christmas as a Joy" and "Mary's Lullaby."

The second grade children of Mrs. Nellie Horton and Mrs. Elizabeth Laughlin joined to present the musical story of "The Shoemaker and the Elves."

Mrs. Betty Reichert's fourth graders sang "Merry Christmas" and "Winter Wonderland."

Miss Katherine Hole's first grade children sang four traditional Christmas carols.

Pupils of Miss Doris Tetlow's sixth grade sang two French carols, "Sleep Little Lord" and "Sing We Today," and the English version of "When Christ Was Born."

Mrs. Jean Wilson's third grade pupils sang "Little Snowflake" with Martha Minamyer in the costume. The children then recited in unison Verses 8 through 16 from St. Luke, Chapter 2, while the pageant scene was portrayed by Jeffene Johnson, Christin Moyer, Dwight Billman, Jack Pasco, Shirley Hanay and Cindy Hunter. The shepherds were Richard Kellner, Robin Corey and Dennis Shea, with Cecilia Baughman and David Clecner as Mary and Joseph.

Color guards for Tuesday's program were Erna Kaminski, Elaine Miles, Diana Falk, Evelyn Stotter, John Tkatschenko and Dick Moore.

Goshen Grange Plans For Future Events

Ten candidates were present at the recent meeting of Goshen Grange when the third and fourth degrees were exemplified in full form. The master, Jim Hollinger, presided.

Juvenile members will decorate a Christmas tree Sunday at 2 p.m. at the grange and will serve a lunch to their parents at 5 p.m. Mahoning County Youth will sponsor a round and square dance at Goshen Grange Jan. 10.

Christmas caroling has been changed from Dec. 15 to Dec. 22. The next regular meeting will cent gift exchange for the adults and a 25-cent exchange for the juveniles.

Lunch was served by Mr. and Mrs. John Kehrre Sr.

Kensington Harmony Class Plans Supper

KENSINGTON — The members and families of the Harmony Sunday School Class of the Christian Church will have a coverdish supper in the church annex Tuesday evening.

The supper will be at 6 p.m. There will be a 50-cent gift exchange, the men bringing a man's gift, the ladies a ladies' gift. The parents will bring gifts for their own children.

Ham will be furnished by the class.

Mr. and Mrs. Otto Beall will celebrate their 50th wedding anniversary Sunday, Dec. 22 with an open house from 2 to 5 and 7 to 9 p.m. All friends and relatives are invited.

Mr. and Mrs. William Hazlett of Alliance were Sunday evening visitors of their daughter and family. Mr. and Mrs. Clifford Boals and son.

Mr. and Mrs. John Peterson of Minerva were Tuesday visitors of Mrs. Cymantha Ford and daughters.

Mrs. Nora Roach and Maxine visited Tuesday with Mr. and Mrs. Clifford Whinnery and sons of RD 2, Salem.

Mrs. Cora Archibald is ill at her home.

President Flies To Paris Today

Main Objective Is To Revitalize NATO

WASHINGTON (AP) — President Eisenhower — still under the watchful eye of doctors — flies to Paris today to lead this country's drive to revitalize the North Atlantic alliance.

An awesome burden rested on the shoulders of the 67-year-old chief executive, who suffered a mild stroke less than three weeks ago.

In the light of the Soviet Union's advances in missiles and space age science, Eisenhower's job was to:

1. Restore Allied confidence in American leadership and bring about greater scientific, military, economic and political cooperation among the 15 nations of the NATO alliance.

2. Sell this country's allies on letting their territory be used for rocket bases and stores of nuclear weapons. Some of these countries fear such bases would make them prime targets for Russian missiles if a new war should break out.

3. Counter the Soviets' propaganda offensive, which obviously is intended to scare Western countries away from further cooperation with the United States.

4. Quiet disputes among the NATO countries. One of the most urgent problems here seems to be one of soothing French indignation over U. S. and British shipment of arms to Tunisia.

In the past few days, the Russians have been stepping up their propaganda drive, which U. S. officials regard as designed to undercut the NATO summit meeting opening next Monday.

Soviet Premier Bulganin wrote Eisenhower generally restating previously ejected Russian proposals for ending nuclear weapons.

Other Bulganin letters went to heads of America's European allies. The Soviet Premier told French Premier Felix Gaillard that the NATO meeting was called "to accelerate war preparations."

Bulganin said in his letter to British Prime Minister Macmillan that nations where American bombers are based were put in a "very dangerous situation."

In another move, Moscow radio announced that Russia is sending notes to all U. N. members warning that "the danger of nuclear war has greatly increased."

At the U. N. in New York, Russia proposed that the United States, the Soviet Union and Britain renounce the employing of nuclear weapons in East and West Germany.

Survivors, besides her husband, are a daughter, Mrs. Dorothy Jane Gray of Leetonia; five grandchildren and several nieces and nephews.

Funeral services will be Sunday afternoon at 1:30 at the Woods Funeral Home with Rev. Robert Ferguson, pastor of Leetonia Methodist Church, and Rev. William Snowball, pastor of Salem Methodist Church, officiating. Interment will be in Oakdale Cemetery.

Friends may call Saturday afternoon and evening at the funeral home.

He was a member of the Salineville; a stepson, Samuel Dumberton of Salineville; a sister, Mrs. Mildred Simpson of Salineville, and two brothers, Mervin of Bergholz and Allen of Lisbon.

Services will be Monday afternoon at 2 at the Kerr Funeral Home with Rev. William Buell, pastor of the Methodist Church, officiating. Interment will be in Woodland Cemetery.

Friends may call at the funeral home Friday evening, Saturday afternoon and Sunday afternoon and evening.

Icy Streets Blamed For Two Collisions

Slippery streets caused two auto mishaps Thursday night.

The first accident occurred at 10:40 p.m. when a car driven by Edward P. Kennedy, 49, of 329 W. 14th St. went out of control while making a left turn off Maple St. and hit a parked car owned by Dorothy Grimm, 42, of 697 Fair Ave.

The second mishap occurred when a car driven by Dale W. Beachler, 27, of 243 W. 2nd St., attempted to make a left turn from S. Lincoln Ave. onto Franklin St. and the brakes failed to hold on the ice and it struck a car driven by Walter R. Meiter, 33, of Salem.

The accident occurred at 11:35 p.m. and both cars were extensively damaged.

Welfare Children's Yule Fund Totals \$834

LISBON — A total of \$834 has been donated to the County Welfare Department for the purchase of Christmas presents for the department's wards.

The county has 170 welfare children. The department would have liked to have at least \$10 to spend per child.

Welfare Department funds may be used to purchase only necessities for the children.

An employee of the John Amherst Coal Co., besides being a general contractor, Mr. Neel was born May 15, 1910 in Carroll County, the son of Zora and Bessie Neel. He was a member of the Salineville; a stepson, Samuel Dumberton of Salineville; a sister, Mrs. Mildred Simpson of Salineville, and two brothers, Mervin of Bergholz and Allen of Lisbon.

Services will be Monday afternoon at 2 at the Kerr Funeral Home with Rev. William Buell, pastor of the Methodist Church, officiating. Interment will be in Woodland Cemetery.

Friends may call at the funeral home Friday evening, Saturday afternoon and Sunday afternoon and evening.

Icy Streets Blamed For Two Collisions

Slippery streets caused two auto mishaps Thursday night.

The first accident occurred at 10:40 p.m. when a car driven by Edward P. Kennedy, 49, of 329 W. 14th St. went out of control while making a left turn off Maple St. and hit a parked car owned by Dorothy Grimm, 42, of 697 Fair Ave.

The second mishap occurred when a car driven by Dale W. Beachler, 27, of 243 W. 2nd St., attempted to make a left turn from S. Lincoln Ave. onto Franklin St. and the brakes failed to hold on the ice and it struck a car driven by Walter R. Meiter, 33, of Salem.

The accident occurred at 11:35 p.m. and both cars were extensively damaged.

Welfare Children's Yule Fund Totals \$834

LISBON — A total of \$834 has been donated to the County Welfare Department for the purchase of Christmas presents for the department's wards.

The county has 170 welfare children. The department would have liked to have at least \$10 to spend per child.

Welfare Department funds may be used to purchase only necessities for the children.

Sukarno Denies Ouster Reports

Says Amsterdam Full Of 'Wishful Thinking'

JAKARTA, Indonesia (AP)—President Sukarno appeared at a news conference today to deny Dutch rumors he has been ousted.

The president was accompanied by former Foreign Minister Ruslan Abdulgani and other members of the National Council. He laughed and smiled but looked tired and drawn.

Sukarno refused to answer any questions—animal or human. Earlier he had issued a handwritten statement—saying he was still in office.

The president wrote that he was conducting business as usual. "I think Amsterdam is full of wishful thinking," he added.

"This is the biggest laugh Sukarno has had in years," a presidential aide said.

The reports that Sukarno was out, broadcast by Radio Hilversum in the Netherlands, stemmed from an announcement that the president was going abroad for a rest.

Premier Djuanda asked Parliament to swear in its moderate nationalist speaker, Sargono, as acting president beginning next Friday. An official announcement said Sargono, 56, is prepared to serve "during the period of President Sukarno's recuperation."

A government spokesman indicated, however, that Sargono would only be figurehead. He said Premier Djuanda and Maj. Gen. Abdul Harris Nasution, the army chief of staff, "will be in charge during Sukarno's visit abroad."

The Dutch broadcast said there were rumors in Jakarta that a triumvirate of Djuanda, former Vice President Mohammed Hatta and Gen. Nasution had put Sukarno under arrest.

Sukarno's statement said: "Rumors from Amsterdam that I was ousted? I am still here. I am at this present moment presiding over the eighth session of the National Advisory Council. I think Amsterdam is full of wishful thinking. Nasution and Djuanda are drawing the same line with me. (signed) Sukarno, 1100 hours (11 a.m.) on this 13th of December, 1957."

The president reportedly was invited by the government of "a friendly neighboring country to recuperate there" from the strain of the dispute with the Netherlands over West New Guinea which is causing Dutchmen to flee Indonesia.

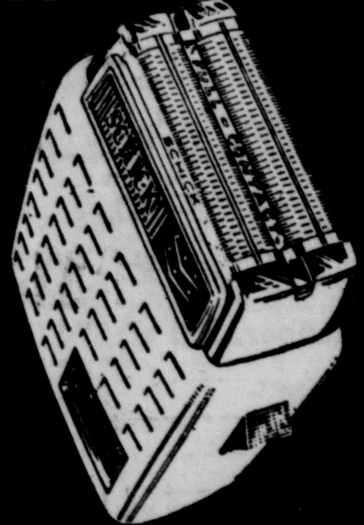

Sources said Sukarno might go to India or Egypt.

COLLISION KILLS BOY, 15

PORTSMOUTH, Ohio (AP)—A car-train collision on Reinhard Drive a half-mile east of here Thursday night killed the car driver, Carl Davis, 15. He lived at 401 Campbell Ave., the State Highway Patrol report said.

The victim died in Mercy Hospital here, about four hours after the accident, at 10:30 p.m.

AND NOW THE ULTIMATE? — It started when the first caveman picked up a rock to throw at his enemy — animal or human. Since then the history of warfare has shown a constant search for means of hurling destruction at greater and greater range and with more accuracy. Drawings above highlight the most important innovations in this history.

Many Pupils Lack Good Study Habits, Kent Educator Says

KENT — Most college-bound high school graduates, including valedictorians, lack study habits needed for success in college.

This is pointed out by Dr. Loren S. Hadley, director of Kent State University's new-student program.

Dr. Hadley estimates "conservatively that about 95 per cent of those entering college lack adequate study skills, and this includes many high school valedictorians."

He said the typical high school student studies very little outside of his school's organized study halls and seldom spends more than two hours outside of school on all of his subjects put together.

"Suddenly he is confronted with college assignments, each of which may consume two hours,

and there is no supervised study hall."

Not only are new students disillusioned by the demands for budgeting their time, Dr. Hadley pointed out, but only "a relatively small percentage of beginning college students have reading speeds and comprehension skills adequate to handle all college assignments."

Many colleges offer counseling and organized courses in how to study, but he said "these are only as effective as each individual student makes them."

"In the final analysis there are no short-cuts to success in improving reading or other study skills and each student must realize that only through practice can he change his own habits."

PLAN BASEBALL DINNER

CINCINNATI (AP)—The Cincinnati Chapter of the Baseball Writers of America will put on a three-way show with a public baseball dinner

here Jan. 7 at the Netherland-Hilton Hotel.

They'll present their annual trophy to the player they have chosen as the most valuable member of the 1957 Cincinnati Reds. The dinner will commemorate the 50th anniversary of the founding of the baseball writers' organization and the members will pay tribute to Tom Swope, dean of Cincinnati baseball writers.

Throws Bullets In Fire; Woman Is Wounded

DALLAS (AP)—Mrs. Rose Parker, 58, tossed some unwanted objects in a wood-burning stove while preparing to move. A few minutes later there was a loud bang and a bullet whizzed across the kitchen. Mrs. Parker crumpled to the floor with a wound near her left shoulder.

Unknowningly, she had dumped a couple of live pistol shells in the hot fire. She was reported in satisfactory condition.

Inside Labor By Victor Rieser

ATLANTIC CITY — There are copies of a document in the pockets of some of the policy-makers at the second merged AFL-CIO convention here which insiders say tells the whole story.

This document was drawn up for the AFL-CIO high command by Arthur Goldberg, a prophet in the house of labor, he is special counsel in charge of ethics and drew up a series of anti-racketering legislative proposals last June, when the AFL-CIO executive council was preparing to pass on to congressmen and the White House its own prescription for an antidote to the poison of immorality seeping through our industrial front.

INTO THESE proposals was written the creation of an office in the U.S. Labor Department which would have responsibility for checking all reports on finances filed with it by unions.

The AFL-CIO proposed that

this office be headed by a "commissioner of labor and management reports."

This memorandum was passed on to congressional circles and discussed with high administration officials. Word was that the White House experts like the idea. But when Labor Secretary Mitchell outlined the President's proposals for new labor laws, the Cabinet member spoke only of a "commissioner of labor reports." The words "and management" had been stricken from the title.

To the labor men here this meant that the new law would deal only with labor racketeering. In a week of discussion that followed, there was apparent resentment and threats to fight all new legislation if the same laws did not apply equally to management as well as labor.

FROM THREE members of labor's high council, some of whom have been under bodyguard from time to time because of their fight on the racks, there came a flat prediction that no law would be passed unless there was public placing of responsibility on management as well as on labor.

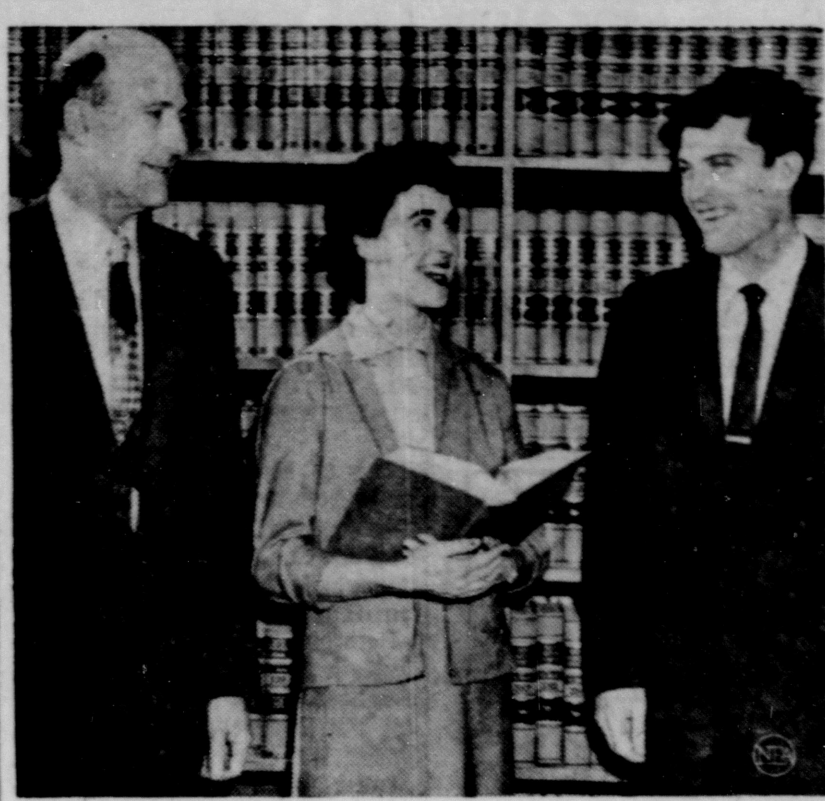

One spokesman pointed to the Laundry Workers Union, the Welfare and pension fund of which had been looted of almost a million dollars.

An AFL-CIO Executive Council member pointed out that this union's funds were jointly administered by management and labor trustees. Yet there has been no action against any management official, though the AFL-CIO convention dumped the union.

This was also true in the Distillery and Rectifying Union, where sums up to \$540,000 had been mulcted from the pension and welfare funds. This union, too, had been punished. But the labor chiefs say that the sole responsibility, as far as the public is concerned, rested on the labor movement.

THE POINT was made that there are construction contractors, trucking companies, and other firms which have worked with corrupt union chiefs now ousted. Specific mention was made of a Teamster vice-president who was convicted of conspiracy along with a company official in Minneapolis. The Teamsters were ousted in a dramatic public display. But labor's national leaders say that the counterparts of the AFL-CIO, namely the industrial and trade associations, have not been criticized nor have they criticized the corruption in management ranks.

Textile union leader Emil Rieve made specific mention of the NAM sessions which were held in New

THREE OF A KIND — Meeting the smiling Kelly family of Medford, Ore., is a pleasure for everybody but lawbreakers, since all three Kellys are judges. Edward C. Kelly, left, is a Medford circuit court judge; his daughter, Noreen, 25, is a municipal court judge, and his son, Bernard, 27, is a newly appointed Jacksonville, Ore., municipal judge.

York at the same time this labor convention ousted two million of its members for being under corrupt influence.

It appears certain now that the feud will break wide open unless both sides are treated equally. Which may mean that there will be no new law.

SUCCUMBS TO FUMES

AKRON, Ohio — A second person has died from the effects of breathing fumes caused by a clogged furnace in an apartment building here.

Mrs. Violet Wright, 68, died of carbon monoxide poisoning Thursday night in Akron General Hospital. Carl E. Johnson, 58, died Monday night in his basement apartment. Coroner William J. Pittinger ruled Johnson's death was due to a heart attack caused by carbon monoxide.

REMORSEFUL — Mrs. Ardetta Klein, 38, mother of eight children, aged 1 to 10, who died in a fire which destroyed the family home at Park Falls, Wis., leaves the courthouse in nearby Phillips after waiving preliminary hearing on a charge of child neglect. She is escorted by Price County Sheriff Andrew Pilch. Authorities said Mrs. Klein was "filled with remorse." She had been allegedly drinking with another man when the fire occurred. Her husband was away working in a logging camp.

Ohioan Is Held In Kansas Slaying

COLUMBUS, Ohio — Police today are holding William Guess, 27, of Carroll (Fairfield County), for questioning in the Nov. 26 kidnap-slaying of Paul H. Williams, whose body was found on a country road northwest of Wichita, Kan.

Guess was arrested Thursday on bad check and parole violation charges filed by Fairfield County authorities.

Sheriff's Sgt. Clyde Mann said he learned Guess had been in Kansas about the same time the murder was committed. He said Guess was traveling about the country, hitch-hiking most of the time, to evade Fairfield authorities.

Mann said Kansas authorities reported a pocket watch had been taken from Williams. A pocket watch was found in Guess' hotel room here. Mann said he did not know if it was the same watch that was taken.

Meanwhile, ballistic tests of 22 caliber bullets failed to link two men held in Dayton, Ohio, with the murder, Wichita authorities reported.

They said the two men, Victor C. Douglas, 26, and Earl Gault Jr., 26, related they had been in Wichita at the time Williams was kidnapped from his filling station in a pre-dawn robbery.

Kickoff Dinner Begins Childrens Fund Drive

COLUMBUS, Ohio — Some of the quickest wits in the sports world have seen to it that the Bucks for Braces campaign is off to a good start. Its purpose is to raise money to help crippled children.

Leo Durocher, major league baseball manager turned TV executive; Frank Lane, general manager of the Cleveland Indians; Hugh (Duffy) Daugherty, Michigan State football coach; sports-caster Jimmy Dudley; Ohio State coach Woody Hayes and comedian Joe E. Brown provided 3½ hours

of entertainment for 1,800 persons who attended a \$10-a-plate kickoff dinner Thursday night.

Members of the Big Ten champion Ohio State football team were also on hand to receive recognition for their successful season.

COUPLE DIES TOGETHER

RAVENNA, Ohio — An elderly couple apparently died within a short time of each other Sunday. Their deaths went unnoticed until their bodies were discovered by a neighbor Thursday.

Portage County coroner John Turner ruled that Harold Ickerling, 74, died of a stroke and his wife Tina, 73, died moments later of a heart attack.

BUENOS AIRES (AP)—When the world-wide organization of Girl Watchers, Inc. sets up formal operations its headquarters should be here.

Argentine male takes a back seat to no one in open, frank, unbridled admiration of the female face and form with the accent on the latter.

In New York when a pretty model in a tight fitting dress swings down Fifth Avenue carrying her hat box, she has admirers. Men glance covertly at her as she

passes. Some even take second glances. However for the most part the looking is done shyly and slyly. In European lands the visual approach is more direct.

But in Argentina — When a "chica" (slang for baby, the cuddly ones of all ages) comes strolling down the street it is literally a traffic stopping occasion. The approaching Argentine starts looking at the limit of his vision. The usual spotting distance is 30 yards but a farranging young expert can foray as far afield as a city block.

When the feminine quarry is 25 feet away the Argentine starts the long look. It begins at the toes and sweeps slowly up to the head; then returns equally slowly with a last, penetrating, soulful glance into the lady's eyes.

To all this the senorita pretends blissful ignorance. Her gaze remains fixed about two inches above the heads of the gaping crowd.

The inspection doesn't stop as the girl passes. The Argentine slows his walk, staring back over his shoulder for perhaps 20 paces.

He then reluctantly swings his gaze forward to spot the next subject.

It is not unusual when an especially outstanding specimen goes by for the Argentine to stop dead in his tracks, do an about face and look until she is lost from sight. People are constantly bumping into each other. In fact an especially curvaceous delicacy can block walking traffic almost completely.

The Argentine girl is something to look at.

never fit them. There seem to be no large sizes. The "chicas" must always settle for a sweater two to three sizes too small. The skirts give their limbs no freedom at all. The usual unseen garments are often conspicuous by their absence.

Americans here have a field day. Once they forget stateside taboos, they really enjoy the scenery. No more pretending they aren't looking when they are. No more feelings of frustration at not getting a long enough look. Here

they can — and do — stop, look and look and look.

"That's probably why the Argentines don't get any more done than they do," an American remarked. "They spend all their time looking at the girls."

And would you work either if you could really look at the girls?

Bowerston, and others, will be held in Carrollton Jan. 21. The complainants want to be placed in the operating area of General Telephone Co. of Ohio.

Roads Slippery In

Spots, Patrol Warns

Watch for the scattered icy spots on Salem area highways and streets.

This warning was emphasized by a highway patrolman who explained that four of the five accidents investigated Thursday afternoon and night could be attributed to the icy roads.

The mercury dipped to a low of four degrees Wednesday night and 6 degrees Thursday night.

These temperatures were unseasonable compared with lows of 24 and 26 degrees for the corresponding days last year.

However, the weather picture is expected to change with fair and warmer weather expected to set in later today.

Texas Christian-Auburn Tilt Heads Tourney Contests

Five Unbeaten Clubs To Play

Seattle Is Upset By Oregon State

By The Associated Press
The first of the holiday tournaments begin to roll tonight, but otherwise there's no change in college basketball, North Carolina still is unbeaten.

There was one upset, of sorts, Thursday night as Oregon State trounced Seattle 63-55, but the national champion Tar Heels rolled to their 35th consecutive success with a 91-74 job on winless Furman.

Some less pretentious winning strings are on the line tonight. Five unbeaten clubs are among the 12 teams in the Birmingham Classic, the Steel Bowl and the University of Cincinnati tournaments.

The top game, tourneywise, pairs Texas Christian (3-0) and Auburn (2-0) at Birmingham after Mississippi State (4-0) plays Miami of Florida (3-1).

At Cincinnati, the host Bearcats (2-0) play St. Bonaventure (3-0) and Xavier of Ohio (3-0) meets Marshall (1-1).

It's Pitt (2-0) vs. George Washington (0-3), and Duquesne (1-1) vs. Miami of Ohio (2-1) at Pittsburgh.

The top-ranked Tar Heels went to work early, leading 19-8 after four minutes, but had to dissolve a Furman zone defense before winning their third of the season. The champs got 31 points from senior Pete Brennan and 28 from soph Lee Shaffer.

Oregon State (3-0) stuck 6-0 Wayne Moss and 6-8 Gary Goble on 6-6 Elgin Baylor under the basket and shut off the Seattle star with 17 points. Dave Gambee, who shadowed Baylor outside, was high scorer with 18.

Louisville had it easy in an 89-65 decision over previously unbeaten Iona with Roger Tieman scoring 22 points. St. John's of Brooklyn (4-0) had a tussle, but defeated Washington & Lee 85-73 in the other half of the Madison Square Garden twin bill. Dom Florio was the whole show for the Generals with 27 points.

A zone defense again gave Texas A&M trouble while Richmond got points from all but one of its 12 men in a 70-50 victory. Oklahoma defeated Southern Methodist 66-58 with Joe King scoring 23. Both clubs hit less than a third of their shots as Iowa State defeated Brigham Young 54-45 on the 20-point work of John Crawford and a 63-47 edge in rebounds.

Don Carter Leads In Bowling Tourney

CHICAGO (AP)—The nation's television viewers get a look at Don Carter "Shovel" style, "bowler from St. Louis, tonight when the men's position, or final round, of the World's Individual Championships is carried nationally from the Coliseum.

Going into the windup of a 10-day grind, Carter, three-time national all-star champion, had a fat 6.17 Petersen point lead over his teammate from St. Louis, Tom Hennessey. Tailing the pair was Eddie Lubanski of Detroit in third place.

Marion Ladewig, of Grand Rapids, Mich., champion in six of the eight years in which the all-star accepted the fair sex, is highly favored to add the world crown to her list of accomplishments.

Like Carter, Marion also had a formidable lead, 6.45 Petersen points over Marge Merrick of Detroit. Mrs. Ladewig had 118.27 points.

OPENS TOURNEY TONIGHT

PITTSBURGH (AP)—Miami of Ohio opens the pre-holiday Steel Bowl basketball tournament here tonight, meeting Duquesne. Pittsburgh and George Washington meet in the second game. Saturday night, the winners and losers play.

BOY FOR THE MANTLES.—The little fellow held by Mrs. Mickey Mantle, wife of the New York Yankee baseball star, is the couple's third child. He was born Dec. 5 in Joplin, Mo., and weighed 7 pounds, 15 ounces at birth. The other Mantle children also are boys.

SWITCHMEN—Bear Bryant, left, hops from Texas A. and M. to Alabama. Jack Mitchell, inset, leaves Arkansas for Kansas. Jim Tatum of North Carolina was interested in Indiana.

Coaching Powers Restored To Indiana U.'s Phil Dickens

CHICAGO (AP)—Full head football coaching powers had been restored today to Indiana University's Phil Dickens, sidelined since Aug. 5, for alleged recruiting malpractice.

Violations of the Big Ten's financial aid program brought suspension to the 42-year-old Dickens before he had a chance to show firsthand the coaching mastery that brought him an unbeaten campaign at Wyoming in 1956.

The suspension was meted out by Indiana itself in order to maintain its good standing in the Big Ten. The conference faculty representatives Thursday gave Indiana permission to reinstate Dickens, who had been signed to a four-year contract at an annual salary of \$15,000.

In his absence this fall, Indiana defeated only Villanova in nine games under assistant Bob Hicks, Dickens, former tailback at the University of Tennessee, brought his entire staff from Wyoming.

Commissioner K. L. (Tug) Wilson said that more than 20 cases in the Dickens recruiting case had been thoroughly investigated. The vote for his reinstatement was understood to have been unanimous.

The Big Ten is expected to finish its main business of the annual

winter meetings today. Football coaches and athletic directors have mapped 1961 schedules and plan to complete the 1962 slate.

Iowa will present a revision of the financial aid plan to faculty men with the hope of getting 6-4 majority needed for passage. The hope appeared dim, however.

Iowa seeks to eliminate the need factor, determining this as it wishes the awarding of grants in aid as determined on need of an athlete computed from personal financial statements of parents.

Iowa's proposal must be acted upon before a review of the present plan is presented. The review is one of the big items on the agenda.

Several modifications of the plan also will be studied.

The Big Ten restored a season of eligibility to these athletes who, because of injury or other reasons, saw little or no varsity competition but were held liable for using up their eligibility.

Tackle Bill Pyle, Michigan State; tackle Eugene Selawski, Purdue; halfback Willie Jones, Indiana; trackman Deacon Jones, Iowa; pitcher Jack Nora, captain-elect of Iowa's baseball team; and swimmer Ted Reissing, Michigan.

American Davis Cup Hopes Staggered By Belgian Team

BRISBANE, Australia (AP)—Belgium's Jackie Brichant and Philippe Washer staggered America's booming Davis Cup hopes with a fighting doubles exhibition today which upset Uncle Sam's prize team of Vic Seixas and Gardnar Mulloy.

Their backs to the wall after the U.S. open singles triumph Thursday, the veteran tandem from Brussels won 7-5, 6-3, 4-6, 6-3 to keep alive the Interzone Final.

On the basis of today's play there was no definite assurance America will go into the Challenge Round against Australia at Melbourne Dec. 26-28.

Brichant and Washer, nervous and unsure of themselves in the opening singles, seemed to snap back into top form.

If the United States win through to the Challenge Round—and they should—Captain Bill Talbot may have to experiment with a new doubles combination.

Mulloy, a 44-year-old veteran from Miami, Fla., failed to show the speed and reflexes needed in big-time tennis, although he probably is suffering a temporary slump.

His volley errors and service failures were largely responsible for the U.S. defeat.

Brichant, the scrappy 27-year-old Belgian, was easily the star of the day's show. He lost only one service and played dynamic tennis from start to finish. He troubled Mulloy and Seixas with his lopping forehand and backhand drives and whenever the Belgians needed a point it seemed Brichant always was there to hit a killing overhead or put away a sharp volley.

They were the only NBA games scheduled Thursday night.

The Celts, who lost to the New York Knicks Tuesday night, were beaten at their own game, rebounding and blockbusting scoring. Bob Pettit outscored the Celts' Bill Russell 25-20 and tossed in 23 points. Cliff Hagan added 22 points.

Bill Sharman held scoreless in the first half, scored 24 points in the last half to almost pull it out for the losers.

The Warriors and Pistons were tied 16 times during the first half, and Detroit held a slim lead late in the game before going on a 13-point spurge that sewed it up.

George Yardley, the league's leading scorer, had 28 points to lead all scorers, while Paul Arizin tallied 24 to top the Warriors.

O'CONNELL TO BE FETED

CLEVELAND (AP)—Quarterback Tommy O'Connell, selected by the Cleveland Touchdown Club as the Browns' player of the year, will be honored at the club's annual awards dinner Jan. 14.

He is the National Football League's leading passer with a completion percentage of 57.3 and an average gain of 11.17 yards per pass attempted.

which now will be decided by Saturday's two final singles.

The United States leads 2-1.

Herbie Flam, comeback winner over Brichant, will face Washer and Seixas will meet his old nemesis Brichant, who licked him in a tremendous surprise here in the 1953 Interzone Final.

4 Ohio College Cage Teams Win

Falcons Hand Buffalo 3rd Defeat In Row

By The Associated Press
Four Ohio college basketball teams tackled out of state foes Thursday night and all four recorded victories.

Bowling Green handed Canisius of Buffalo, N. Y., its third straight defeat, 78-65. The Golden Griffins from western New York had previously been beaten by Kansas and Detroit.

The Falcons utilized two scoring spurts to take the lead in the first half and then ice the game in the second half.

The first blitz came with 6 1/2 minutes remaining in the first half. The Falcons were trailing 19-17 and, before Canisius could score again, the score was 31-19.

In the second half, with the Falcons leading 52-41, they again shut off Canisius' scoring punch while pouring in 11 consecutive points.

Ohio Northern played Hillsdale of Michigan and the Polar Bears posted a 93-64 home triumph.

Wooster opened its home season with a 91-68 victory over Grove City (Pa.) College. Don Dixon led the Scots' scoring with 20 points. The Wooster record now stands at 1-1.

Marietta College journeyed to California (Pa.) Teachers College and posted a 78-66 victory. It was the Pioneers' second victory. They have two defeats.

In the only intra-state game, Findlay became the second team in the state to break the century mark this season with its 100-90 victory over visiting Baldwin-Wallace. Joe Hanauer led scoring with 29 points.

It was Findlay's fourth victory against one loss and the Yellow Jackets' first defeat. They had won two games.

Willie Mays Captures NL Slugging Title

NEW YORK (AP)—Willie Mays, the Giants' one-man gang, captured the National League slugging championship in 1957 for the third time in the last four seasons, the official averages released today disclosed.

Mays collected 366 total bases in 585 times at bat for a slugging mark of .626. He edged Stan Musial of the St. Louis Cardinals and Hank Aaron of Milwaukee. Musial finished with .612.

Aaron compiled the most total bases, 369, but he had 615 official trips.

Mays won the slugging title in 1954 and 1955.

PRACTICE CALLED OFF

COLUMBUS, Ohio (AP)—Ohio State University football coach Woody Hayes looked at three injured linebackers and at least five other Buckeye gridders who could not afford to miss laboratory classes and called off the Bucks' fifth Rose Bowl practice Thursday.

No use practicing if you can't have half of them at the practice," he said. Hayes rescheduled the workout for today and announced Saturday's practice is still on.

North Team Players Named

8 All-Americans Chosen For Squad

MOBILE, Ala. (AP)—Eight members of the Associated Press All America squad—headed by line-men Alex Karras of Iowa and Dan Currie of Michigan State—were named today to the North team for the ninth annual Senior Bowl football game Jan. 11.

First team All Americans on the North squad are 233-pound tackle Karras, chosen for a defensive guard position; and Currie, a 225-pounder named top center in the Big Ten.

Backs Walt Kowalczyk of Michigan State and Bob Stransky of Colorado and ends Fred Dugan of Dayton and Les Walters of Penn State are from the All America second team. End Jim Gibbons of Iowa and tackle Jim McCusker of Pittsburgh are from the third team.

Coach Joe Kuharich of the Washington Redskins, who will direct the North for the second time, will have his No. 1 draft pick, back Mike Sommer of George Washington.

The roster of the South team, which will be directed by Coach Paul Brown of the Cleveland Browns, will be announced in a few days.

The North squad includes these Midwest stars: Ends — Fred Dugan, Dayton; Jim Gibbons, Iowa and Rod Hanson, Illinois.

Tackles—James Orwig, Michigan and Frank Youso, Minnesota. Guards—Alex Karras, Iowa. Centers—Dan Currie, Michigan State and Neil Habig, Purdue.

Quarterbacks—Bobby Cox, Minnesota; Jim Ninowski, Michigan State; and Jim Van Pelt, Michigan.

Halfbacks — Walt Kowalczyk, Michigan State. Fullbacks — Ray Nitschke, Illinois.

Canadiens Score 3-2 Win Over New York

By The Associated Press
Maybe the worst thing New York has done this season in the National Hockey League was to beat Montreal two in a row and take first place.

The Rangers haven't done much of anything since. Meanwhile, the Canadiens have hustled back into the lead with a 10-game winning streak, including Thursday night's 3-2 victory over New York.

It was the first time the Rangers have lost to Montreal this season but managed to hold onto second place only because Detroit's Gordie Howe triggered the Red Wings in a 3-2 decision over Boston's third place Bruins.

Three first period goals — by Don Marshall 11, Bernie (Boom Boom) Geoffrion and Marcel Bonin—did it for the Canadiens.

Howe scored twice for the Wings and assisted on the payoff goal scored by Norm Ullman early in the third period. Detroit now is within a point of fourth place Toronto.

WIN IN VOLLEYBALL

Youngstown Kitchens, Deming's and the Farmers Bank were winners in volleyball matches played Thursday night at the Memorial Building.

Kitchens whipped the Buckeye AC 11-9, 15-8 and 10-12. Deming's won over the Post Office 15-15, 15-6 and 13-7, and Farmers topped Electric Furnace 15-10, 15-1 and 15-8.

INDIANS' SCHEDULE SET

CLEVELAND (AP)—The Cleveland Indians will open their 1958 home schedule with a three-game series against Kansas City starting Tuesday, April 15, and concluding it with three games against Detroit ending Sept. 28. The schedule includes nine Sunday double headers and a July 4 twin bill.

Notre Dame Official Foresees 'Great' Grid Team In 1958

SOUTH BEND, Ind. (AP)—A Notre Dame football team that possibly could be ranked as a great one in 1958 is foreseen by the Rev. Edmund P. Joyce, executive vice president of the university.

Father Joyce shed optimism on the 38th annual civic testimonial banquet for the Irish squad Thursday night attended by about 1,000 well-wishers.

"Of course," said Father Joyce, "we would not be so rash as to classify the 1957 squad as great. But what we must remember is that we have not seen the last of this team. The vast nucleus of the squad—sophomores last year, juniors this year—will be back again next fall to play their final season as a unit.

"If the improvement from 1956 to 1957 continues apace, this team will have a chance to carve a niche for itself among the great teams of Notre Dame history."

Coach Terry Brennan's 1956 team had a 2-8 record, worst in Notre Dame history. This year the Irish had 7-3.

"Greatest comeback since Pearl Harbor," beamed athletic director Ed (Moose) Krause.

Brennan heaped praise on his

team and the loyalty of his coaching staff. He also exhorted the excellent student support of the team throughout 1957.

But probably the most enthusiastic of all was Father Joyce.

He emphasized that most experts had predicted no better than a 5-5 season for Notre Dame.

"Never perhaps in the gridiron history of Notre Dame has any team been under the quizzical scrutiny of so many people throughout the country — friend and foe alike," he said in an address. "Last year's overwhelmingly losing season, unprecedented as it was, came as a bombshell and many jumped to the conclusion that Notre Dame's proud, winning tradition was being buried forever.

"At any rate," Father Joyce continued, "the position that Terry Brennan and his staff found themselves at the close of last season was anything but an enviable one. But Terry refused to panic and he and his staff went about their work with cool deliberation."

Guard Al Ecuyer of New Orleans and tackle Charles Puntillo of East Chicago, Ind., were named co-captains of the 1958 Irish.

Fullback Nick Pietrosante of

Ansonia, Conn., was presented the Grantland Rice Trophy by Jim Crowley, one of the famous Four Horsemen. The trophy, initiated this season, will go annually to the star of future Army-Notre Dame games played.

Notre Dame defeated Army 23-21 when the rivalry was resumed this season.

Foreman's Suffers First Defeat 57-45

Sportsmen Victors; McDaniel's Whips Murphy's

McDaniel's whipped Murphy's 72-62 and the Sportsmen beat Main St. Motors 61-58 in two Class A basketball games played at the Memorial Building Thursday night. Gasco's beat Foreman's 57-45 in a single Class B encounter.

It was the first defeat for Foreman's. Earlier in the week it had clinched the title of first round champ in Division A of the Class B league.

McDaniel's placed four men in the double figures in its 10-point win over Murphy's. Bycroft had 17, DeRhodes and Mankin 13 and Dunlap 10 for the winners who led at the half 36-23.

Steve Ports of Murphy's was the game's high man with 22 points. Twenty-three markers by Tom Schaefer paced the Sportsmen over the Main St. Motors five. Ed Jordan had 13 for the winners. Nichols and McGreevy had 14 each for the losers, while Bucheit had 13.

The victors at the half 25-23. A disastrous third period, in which it was outscored 19-6, cost Foreman's its unbeaten record.

Foreman's held a 24-20 intermission lead, but after the third stanza trailed 39-30.

Dave Mallerene had 18 for the winners, while Ken Woods had 15 and Jim Kelly, 13.

Ed Senior paced the losers with 14, while Ed Wilson and George Burrier had 10 each.

Sports Sketches

By GORDON ARNDT

Salem's feat of holding Struthers scoreless in the second period of their basketball game last Tuesday was the result of a combination of poor shooting by the Wildcats and effective close-in guarding by the Quakers.

If Struthers had been a good shooting team, the score would have been closer; but by the same token, had the Quakers made more of their shots in the opening minutes, their margin of victory would have been greater.

Salem made only one of its first 11 shots. The Quakers shot only 22 of 77 from the field all night for a 28.6 per cent.

Future games should prove interesting from the standpoint of which will be outstanding — Salem's offensive game or defensive ability.

WHEN THE QUAKERS MEET teams like Youngstown South, Youngstown Rayen, Ashland and New Philadelphia, they'll have to have improved on both.

It would not be fair to be too critical about the Quakers last Tuesday because it was their first clash of the season. Although they committed some errors, they came on when the occasion demanded, as indicated by the fact that 10 players scored in the 23-point margin of victory.

In spots, some Salem players were trying too hard and were pressing. As a result, they lost the ball on drive-in shots. Others were guilty of dribbling up the floor when a teammate would be free down court.

Still others would have an open shot around the foul line but still chose to pass off or not shoot.

WHAT WAS gratifying was the fact that they did move the ball well while on the attack in close, they frequently set up a man who was open.

Coach John Cabas can use any five of nine men in the lineup and still have three sophomores on reserve.

By the time Cabas cleared the bench, Struthers regulars had been worn down by the Quaker regulars. However, it was still encouraging to see the JVs hold their own. The ball hawking of Danny Krichbaum and the rebounding of Ed Yates featured the JVs' play. Krichbaum played the first three quarters of the JV tilt and scored 16 points.

After tonight, the Quakers will be home again Tuesday against East Palestine. Next Friday they will play at Akron Garfield in their final tilt before Christmas.

They'll resume action Jan. 3 at New Philadelphia.

A TOTAL OF 28 basketball and volleyball teams are currently participating in Salem's winter recreation program sponsored by the Memorial Building.

Charles "Rusty" Tomlinson, who heads the program, has set up two basketball leagues and a six-team volleyball league.

In basketball, there is an "A" league and a "B" league. The "A" league has five teams while the "B" league has 17 clubs. The down into an eight-team A division and a nine-team B division.

Class A basketball and volleyball are played on Mondays and Thursdays exclusively. Class B court action takes place every night of the week.

IN THE VOLLEYBALL competition Tomlinson has set up two rounds of play. The winner of each round will play off in the best four-of-seven to decide the overall winner.

The same system applies in the Class A basketball league. A first round winner will play a second round winner in the best two of three games.

In each case however, no play-off will be held if the same team wins both rounds.

Since a total of 17 teams make up the Class B league, more playoff games will be needed to determine a winner.

In the A division, the competition will be divided into two rounds similar to Class A and volleyball. The winner in each of these two rounds will play two-of-three to decide the division champ. The same thing will happen in the B division of the Class "B" league.

Once this is decided, the respective division winners will play each other in a two-of-three set to determine the final Class B champ.

TONY KNOTT, Leetonia High School cage mentor, has his name written all over the all-time court records at Youngstown University where he played four years.

Knott holds the following marks: most points in one season, 705; most points in one game, 50; most field goals in one season, 243; most field goals in one game, 19; most free throws made in one season, 208; most free throws made in one game, 14;

and best average for one season, 27.1. Other records he still holds are: most points in a career, 2,218; and best average per game for a career, 21.5.

Knott, who played high school ball in Farrell, Pa., ran wild for the Penguins from 1952 through 1956. He scored 305 points his freshman year, 351 his sophomore season and ended up with 657 and 705 his junior and senior years, respectively.

SHOULD SALEM meet the Middletown Middies, they would face a team whose starting lineup averages 6-5. Besides Jerry Lucas, who is now 6-9½, they have Larry Emmerick at 6-8, and three other men who go 6-5, 6-2 and 6, respectively.

THE QUAKER'S FOOTBALL team last fall more than doubled their opponents record in total yards rushing. The locals gained 2,667 yards on the ground while their 10 foes gained but 1,275.

Other figures reveal that Earle Bruce's team outdid their adversaries in all departments. The Red and Black led in first downs, 130 to 73; in passing yardage, 684 to 522; and in net yards gained, 3,351 to 1,797.

Quaker passers completed 30 aerials in 66 tries with only three being intercepted. Their opponents made good on 25 of 112 tries with 10 being picked off.

Salem punted only 29 times in 10 games, while 10 foes punted 50 times.

The total of 312 points scored by Salem is a new school record, breaking the mark established in

1930. It was previously recorded that the old record was 271 set in 1922 but a check revealed that the old mark was 287 set in 1930. That year Ed Beck paced the Salem squad with 126 points on 21 touchdowns, undoubtedly an all-time Salem mark.

JUNIOR BEN JONES, who kicked extra points last season for the Red and Black gridders, brought his three-year total to 54 of 84. He hit on 34 of 44 last season. As a freshman he made 9 of 22 and as a sophomore connected on 11 of 18.

The Salem Junior Saxon basketball team, winner of two tilts in three starts, is being led on its way by the scoring of Bob Lutsch, Wayne Harris and Bill Schuster.

In three games thus far, Lutsch has hit for 60 points or a 20-point average. Harris is hitting for a 16 point average on 48 markers while Schuster has scored 41 times for a 13.9 average.

JERRY MARTIN, a senior at Kent State University, holds the school's record for the four-mile cross-country run. His time of 21:47:00 was over 10 seconds better than the old standard.

In a recent meet at Case Tech in Cleveland, he established a new mark for that school also.

Martin was captain of his cross country team last fall and will hold the same position on the track squad next spring.

He is a four year letterman in both sports.

Martin, the son of Mr. and Mrs. George Hartman of 430 W. State St., is majoring in education and plans to teach physical education.

John Baker, who played defensive end last football season with the Miami U. Redskins, is listed among the team's final statistics. Baker caught two passes for 47

yards and ran one kickoff back for 14 yards during the campaign.

DICK HUNTER was high scorer for Western Reserve last Saturday with 16 markers in the Bobcats' opening game against Bethany, W. Va.

School athletic publicity men have nicknamed him "Bazooka." Jan M. Kaiser, son of Mr. and Mrs. Fred Kaiser of 1267 E. 12th St., was awarded an "M" for playing football for Mercersburg Academy (Pa.) last season while Lawrence L. Root, son of Mr. and Mrs. L. L. Root of RD 1, Salem, was presented a "cMc" for taking part on the academy's cross country team.

GEORGE MITCHELL of Salem finished fourth in the Columbiana County match game bowling championships held last Sunday at the Ranch alleys near East Palestine. Mitchell posted a 192-158-201 for a 561 set.

The annual Golden Gloves Amateur Boxing Tournament, sponsored by the West Canton Optimist Club of Canton, will be held again from Jan. 14 to 18.

All boys, 16 and over and in good standing with the AAU, are eligible. Both novice and open classes will be held from 112 pounds to heavyweights.

Those interested may contact Findley Dietz, 134 5th St. NW in Canton.

Bowling fans may see the National Match Game Championships on TV tonight at 10. The matches, emanating from Chicago, will take the place of the regular Friday night boxing bouts.

Like the man* says,
you have to get behind the wheel

From the pages of Automotive News,
authoritative industry newspaper, comes this impartial
report on the newest car in the world

*by L. H. HOUCK
Traveling Correspondent, Automotive News

"The Edsel is a car that should be road-tested."

"We have all driven cars with lazy front ends, but here is one that has life—the Edsel seems to know where you're going. With the surge of power from the new engine, it is equal to all occasions and yet the wheel rests lightly in your hands. Driving is almost effortless, yet with a confidence-inspiring feeling of control."

"Wherever you go the Edsel attracts attention. At one place in the almost 1,500 miles we drove this Edsel two-door hardtop Pacer, some kids across the street from a service station shouted: 'Hey, look! An Edsel!'"

"If I were selling this car from the retail floor, I just wouldn't overlook anybody. It has something that will appeal to every type of buyer."

IF DRIVING TIRES YOU
"If driving on long trips or in dense city traffic tires you, then the Edsel is the car for you."

"Why is this so? Much of it has been engineered into the car from the first plan on the drawing boards. Much of it comes from reduced motion. You can control the automatic transmission by easy, power-operated pushbuttons in the hub of the steering wheel. The novice will get accustomed to them in five minutes, no matter what car he is driving, because they're as handy as a pocket in a shirt and a lot closer."

"The man who fights traffic to work and back twice a day needs to learn how much an Edsel can do for him. It'll be a revelation and save half his energy."

"Much of it comes from the 'all go and no slow' engine which it has, coupled with big,

fast operating, self-adjusting brakes. These new brakes adjust themselves and can save a man a lot of dollars during a normal term of ownership."

STAINLESS STEEL USE
"What's it made out of and how long will it last? The Edsel bill of materials includes nothing but quality. In stainless steel alone, it probably leads the list, for it has 36 pounds of this non-rusting and almost indestructible material in every car. Everybody likes to own this kind of quality."

CAN'T MISTAKE EDSSEL
"If you've ever owned a medium-priced or better car and had a service station attendant mistake it for a cheaper car, you'll know what Edsel engineers were striving for when they said they wanted to design a car that could be identified in the dark."

"You don't have to rub the dust off the nameplate on the Edsel to discover its identity. From front or rear, you can tell an Edsel a block away."

IF YOU DRIVE FOR A LIVING
"I stopped a taxi driver who was using an Edsel."

"Do a day and a half in a day now," he said, "or at least I feel that much better when I get home at the end of a shift. It's easy, arm-chair comfort."

"You don't have to be carrying the mail to have a job that requires going every day in all kinds of weather. Edsel has speed for turnpikes, expressways and open highways and roadability for the logging road, the byway and the farm lane."

MOST PRE-TESTED CAR
"Some prospect is sure to say that the Edsel is too new, intimating that it is untried, and

if he's like the thousands who have gone before him, he will say that he'll wait a few years and see how it turns out."

"The Edsel is undoubtedly the most pre-tested car ever offered to the public."

"Edsel test drivers raced 38 Edsels for a total of 1,500,000 miles over a two-year test period. Punishment? They drove these miles in the 118-degree heat of Death Valley and the 40-below cold of Minnesota."

"Back of it is 50 years—half a century of engineering skill—11 years of actual planning and testing. The Edsel's got more that's new than any new car has ever had, and all the new has been virtually tested to destruction."

MORE NEW IDEAS
"Edsel offers a lot to the gadget-minded. For example, every salesman has heard owners wish for an oil gauge on the dash. Edsel has a row of warning lights on the dash. One warns when oil is one quart low, another when the gas tank has only two gallons left, another warns of a hot engine."

"Edsel offers a tachometer as an option and this tachometer sports a couple of green dots, one at about 900 r.p.m. and the other at about 2500. When the owner keeps the needle between those dots he knows he is operating the engine at its greatest economy."

HAVE YOU ROAD-TESTED THE NEWEST CAR IN THE WORLD?

It's an experience no one should miss. When you do, your Edsel Dealer will give you a scale-model Edsel as a gift for your child. This 8-inch, full-color, precision-made plastic model has movable wheels, rubber tires, traction drive.

SYNOPSIS: Richard escapes from Ignatz' palace. He meets an old woman who says she will take him to someone who talks to witches who might know the way to Santa Land.

(Chapter Nine)

THE OLD, OLD WOMAN

Richard and the old woman arrived at a lonely little house in a neighboring forest.

"This is the house of one who talks to witches," said the old woman. "I'll leave you here to see her alone."

Before Richard could protest the woman darted away. Richard turned and timidly knocked at the door of the little house. There was no answer and Richard knocked again. This time he knocked harder and the door crashed open.

He fell back in alarm as the witch woman appeared in the doorway. The axe woman had been old but the witch woman was twice as old. Her hands were twisted bones. Her cheeks sagged. Her eyes were little black holes sunk in her head.

"What is all this whamming, clanging noise out here?" she creaked.

"OH, MA'AM," said Richard. "Can you show me the way to Santa Land?"

"What?" snorted the old, old woman. "How should I know such a thing? Who are you anyway and where do you come from?"

Police Cruiser Hit By Pair Of Trains

DETROIT (U) — Patrolmen Donald North and Eugene Kendrick last night were told to block off a railroad crossing as their part of a search for a bandit in suburban Wayne.

The patrolmen approached the tracks and attempted to position their car to shine headlights on the right of way. The back wheels of the car got stuck in roadbed ties.

Unable to free the car, Kendrick and North stood by helplessly as the car was struck first by an eastbound passenger train and then by a westbound freight train. The car was demolished, no one was injured and the crossing was blocked.

NAMED TO COMMISSION

WASHINGTON (U) — Julius Fleischmann, Cincinnati civic leader, was appointed by the State Department Thursday as a member-at-large to the U. S. National Commission for the United Nations Educational, Scientific and Cultural Organization (UNESCO). The commission is a 100-member organization that advises UN ESCO on matters relating to U. S. policy.

BOY INJURED FATALLY

PAINESVILLE, Ohio (U) — Gregory T. Morris, 11-year-old son of Mr. and Mrs. John Morris of Kirtland, was injured fatally Thursday when he fell from his bicycle into the side of a passing truck on a county road near his home.

Trail Much Too Cold To Capture Prisoner
MOUNT STERLING, Ky. — Montgomery County jailer E. H. Swope took out in hot pursuit when a prisoner fled — but the trail was much too cold.
The jailer chased Barnard Shelton of Winchester over icy streets and slippery sidewalks. He said he gave up only when Shelton went skidding around a corner and disappeared. Shelton was being taken to jail after being fined for traffic violations.

YOUTH DIES IN CRASH
DONNEYSBROOK, N. D. — James Whitner, 17, of Toledo, Ohio, was killed Wednesday when his car overturned on Highway 52 a mile east of here, the Highway Patrol reported.

Striking Subway Motormen Offer Plan To End Walkout

NEW YORK (AP)—Striking subway motormen, amid indications that their walkout was beginning to crumble, have offered a formula for ending a work stoppage now in its fifth day.

Some 1,000 members of the Independent Motormen's Benevolent Assn. decided at a Brooklyn meeting Thursday night to submit a six-point proposal to Mayor Robert F. Wagner designed to bring about a conference and a strike settlement.

The mayor's office said Wagner would have a statement sometime today on the formula, sent to him by telegram.

The motormen, while showing solidarity and cheering their leaders at the membership session, were confronted with the fact that subway service was the best since the strike started last Monday. The Transit Authority reported that 203 more motormen were at work than on Tuesday and that over-all service on the subways was back to 61 1/2 per cent of normal. The evening rush hour went off without a hitch, with the hectic congestion missing.

In enumerating the proposals to end the walkout, M.B.A. Atty. Louis Waldman said the union "is not presenting this formula on a take-it-or-leave-it basis. However, we are available to sit down and discuss the terms with the mayor."

Later, Waldman told newsmen the formula would provide a springboard from which "no negotiate for less than we originally struck for."

The strike stemmed from a dispute between the M.B.A. and the AFL-CIO Transport Workers Union in collective bargaining, which represents subway workers. The M.B.A. and TWU long have been at swords point over union representation.

The City Transit Authority, an independent agency which runs the subways, has said it would under no circumstances negotiate with the M.B.A. over its demands for bargaining powers.

The M.B.A. proposals call for all strikers to go back to work without reprisals; for both M.B.A. and T.A. officials to join to get four jailed leaders freed; for all major and minor unions to be represented on a bargaining committee; for individual processing of union membership grievances; a new determination of union membership strength; and cancellation of a representation election scheduled for next Monday.

Shelley Winter's Husband In Jail

LOS ANGELES (AP)—Anthony Franciosa, husband of actress Shelley Winters, began serving a 10-day sentence today at the sheriff's honor farm for kicking a newspaper photographer last April 19.

He was convicted of assaulting a photographer who attempted to take a picture of the actor and Miss Winters leaving an auction. Franciosa said he objected to being photographed with Miss Winters because they were not married at that time.

Livestock Disease Causes Heavy Loss

CLEVELAND (AP)—A livestock disease known as leptospirosis has become one of the costliest barnyard plagues in Ohio.

Dr. H. G. Geyer, state veterinarian, estimates the disease causes an annual loss to Ohio farmers of \$1.20 for each head of the state's three million cattle population.

The chief loss, he says, is in milk spoilage for three to five days during the illness of a dairy cow.

The death rate for leptospirosis runs high among young livestock. It causes abortion in pregnant cows and sows.

Leptospirosis, carried by rats, was first detected in Ohio in 1951 and now has spread throughout the state. Dr. Geyer says, however, that control of the disease is now possible at a reasonable cost.

"We went through the hysterical stage a few months ago," he said Thursday. "For a time we considered barriers to the shipping of livestock."

"Now we are equipped to diagnose and vaccinate, and we do not feel it is the threat it once seemed. We're over the hump and should see a reduction in the incidence from now on."

The danger to human beings from the disease is infection from working in stables, swimming in farm ponds or drinking infected milk. The milk is completely safe when pasteurized, it was explained.

In The Service

Florence Todd

Florence Minerva Todd, daughter of Mr. and Mrs. Clarence Todd of RD 5, Lisbon, is spending a 14-day furlough with her parents after recently completing nine weeks of recruit training at the United States Wave Naval Training Center in Bainbridge, Md.

Miss Todd, a New Waterford high school graduate, will return to the Naval Hospital at Great Lakes, Ill., upon the completion of her furlough.

She enlisted in the WAVES last fall for four years.

Marine Pfc. John F. Sposetta, son of Mr. and Mrs. Ralph A. Sposetta of 50 Chestnut St., Leetonia, and husband of the former Miss Jennilou Sexton of Bloomington, Ind., returned to Camp Lejeune, N.C., with the 6th Marine Regiment, after participating in fall NATO training maneuvers in the Mediterranean for the past three months.

During the exercises the Marines acted as a unit of the U.S. Sixth Fleet conducting amphibious landings on the Island of Crete and taking part in Operation Deepwater in Saros Bay, Turkey.

John H. Garey, aviation boatswain's mate second class, USN, son of Mr. and Mrs. Kenneth Garey of RD 3, Lisbon, is serving aboard the attack aircraft carrier USS Saratoga at the Norfolk Naval Shipyard, Portsmouth, Va.

The large carrier will return to her home port at Mayport, Fla., late in December and prepare for a cruise to the Mediterranean Sea in February.

Ronald D. Earl, son of Mr. and Mrs. Joseph L. Earl of RD 2, Sal-

ineville, has been promoted to Marine private first class at the Marine Barracks Naval Proving Ground, Dahlgren, Va.

Pvt. William F. Orend, whose wife, Drucilla, lives in Homeworth, completed eight weeks of basic combat training Dec. 7 under the Reserve Forces Act program at Fort Knox, Ky.

The 22-year-old soldier, son of Frederick Orend, RD 2, Salem, is a graduate of Alliance High School and was employed by Lyle Printing & Publishing Co. before entering the Army.

O'Neill Doesn't Plan To Call Legislature

COLUMBUS, Ohio (AP)—Gov. C. William O'Neill said Thursday he "has no present plans" to call a special session of the Legislature.

He made the statement in response to queries prompted by published reports that such a session might be called for next March to solve financial ills due to the state's welfare program.

The welfare problem involves hardship cases growing out of curtailment of hospital allowances for Ohio's old age pensioners, as well as the recipients of poor relief.

Rep. Kine L. Roberts, House majority leader, heads a study committee set up to review the entire welfare picture. He said Thursday his committee will be ready to submit its report in February. There has been speculation that a special session of the Legislature might be called after the report has been made.

BOY, 14 HIT BY CAR

HAMILTON, Ohio (AP)—Carl Holt, 14, was killed Thursday night when a car hit him on U.S. 25 four miles north of Gano in Butler County, the Ohio Highway Patrol reported. The boy was from Maud, also in Butler County.

SENTENCING DEFERRED

AKRON, Ohio (AP)—Sentencing has been deferred in the case of Edward Earl Hastings, 37, who pleaded guilty to a first degree manslaughter charge during his trial for second degree murder.

The prosecution consented to Hastings' guilty plea to the reduced charge Thursday in Common Pleas Court. Hastings was accused of slaying Mrs. Margaret Bridenthal last July.
